PREFACE

On behalf of the Central Georgia Genealogical Society and its Publications Committee, I wish to express our graditude and appreciation to Mrs. Davine V. Campbell of Marshallville, Georgia for her contribution of the 1840 Census of Macon County, Georgia. Her work has been donated for publication by our Society.

Mrs. Campbell in researching her own family, and for her own use, first prepared an abstraction of the Marshallville District and added a number to each family. She then added abstractions of other districts in same manner until she completed the county. Although the order of districts differ from the order on the census, they are complete and in order of enumeration within districts. Researchers should have no trouble comparing this publication with the census.

She has made every effort to identify hard to read names and to cross check questionable spelling with other available records. There are a few places like family numbers 62, 228, 256, etc where the edges of the census pages were torn away before microfilming.

Mrs. Campbell has also contributed her abstraction of the 1852 Tax Digest of Macon County and the 1870 Census of Macon County for publication by our Society. These are currently being edited for publication. She is also working on the 1880 Census for Macon County for future contribution to our Society and mutual agreements have been reached to do additional records.

Again our thanks to Mrs. Campbell for volunteering her service to accomplish these most needed genealogical projects. Our hat is off to her and we hope she is an inspiration for other society members to make like contributions.

It should be noted that Macon County was named for Nathaniel Macon, a North Carolina statesman. It was the ninetieth county created in Georgia and was taken from Houston and Marion counties in 1837 and county boundaries have changed and overlapped many times in this region. The land now Macon County began as part of four original land lot counties: Houston, Muscogee, Lee, and Dooly. Oglethorpe is the county seat.

DISTRICT 757 Pages 19 - 23 Household Numbers 311 - 377

DISTRICT 740 Pages 23 - 31 Household Numbers 378 - 509

DISTRICT 770 Pages 31 - 36 Household Numbers 510 - 601

In typing the 1840 Census of Macon County, Georgia from copies of the microfilm on file in Washington Memorial Library in Macon, Georgia, I found some additions that were not listed in the printed Index of 1840. I also found some changes that I made for my own personal use because after cross-referencing some questionable names, with The History of Macon County, Georgia by Mrs. Louise Hays and the 1850 Census and the 1852 Tax Digest, I decided to correct the ones that I have strong reason to think need changing.

I have made some notations that you will be interested in such as:

If a name were almost impossible to read, when I cross-referenced it I noted that I found it in either 1838 TD (Tax Digest) or I wrote it the way it looked on the 1840 census and the way it appeared in the 1838 Tax Digest. On some I found a slight difference on the 1840 printed Census Index (1840i) or 1850c (1850 census). I have put the Total number of people listed and the number engaged in agriculture or Mfg. and Trade. If there was a difference that I could not explain, I put a ?.

IF YOU HAVE ANY DOUBTS ABOUT ANYTHING, BY ALL MEANS REFER TO THE CENSUS FOR CLARIFICATION.
